About This Game

When we last left our hero 25 years ago, Chip McCallahan had won the heart of Melinda the Mental Marvel and they were celebrating together at the Bit Busters annual eprom.

Now a new challenge has been issued by the International Brain Game Club. As the two best Bit Busters, Chip and Melinda have a fresh set of levels to beat together, which have been created by Vladimir Gerajkee the Puzzle Master from a combination of new & old monsters, hazards and game elements:

- 200 new Levels
- Play as Chip & Melinda

-
- 79 additional game elements, abilities & monsters

Can you help Chip & Melinda complete the International Brain Game Club challenge? If you can't, no one can!

Title: Chip's Challenge 2

OS: Vista

Processor: 1 Ghz or faster processor

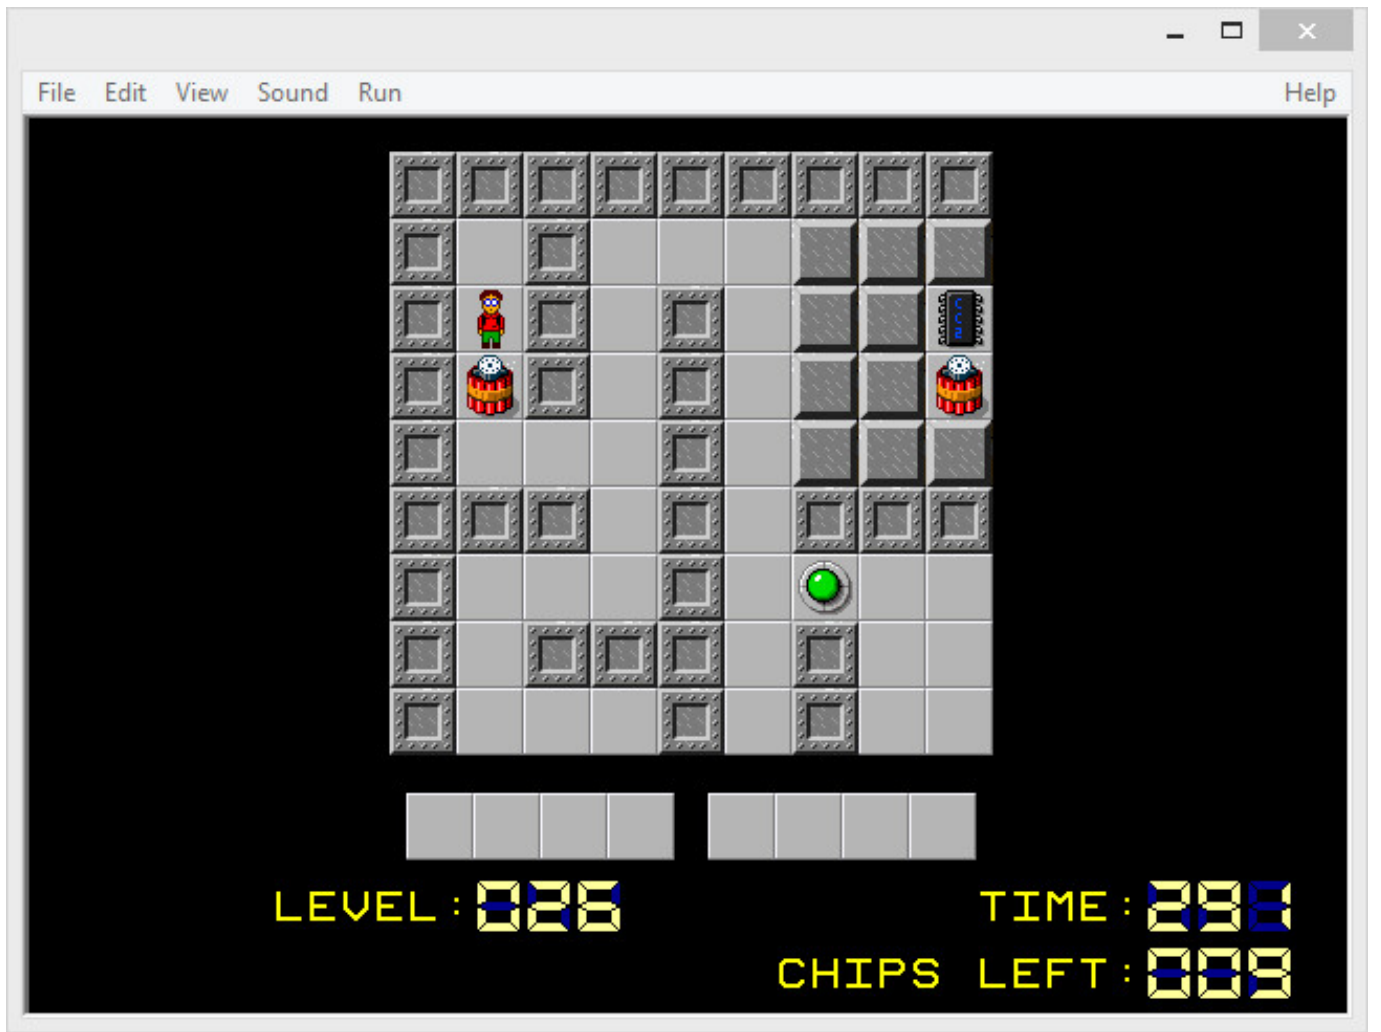

Memory: 512 MB RAM

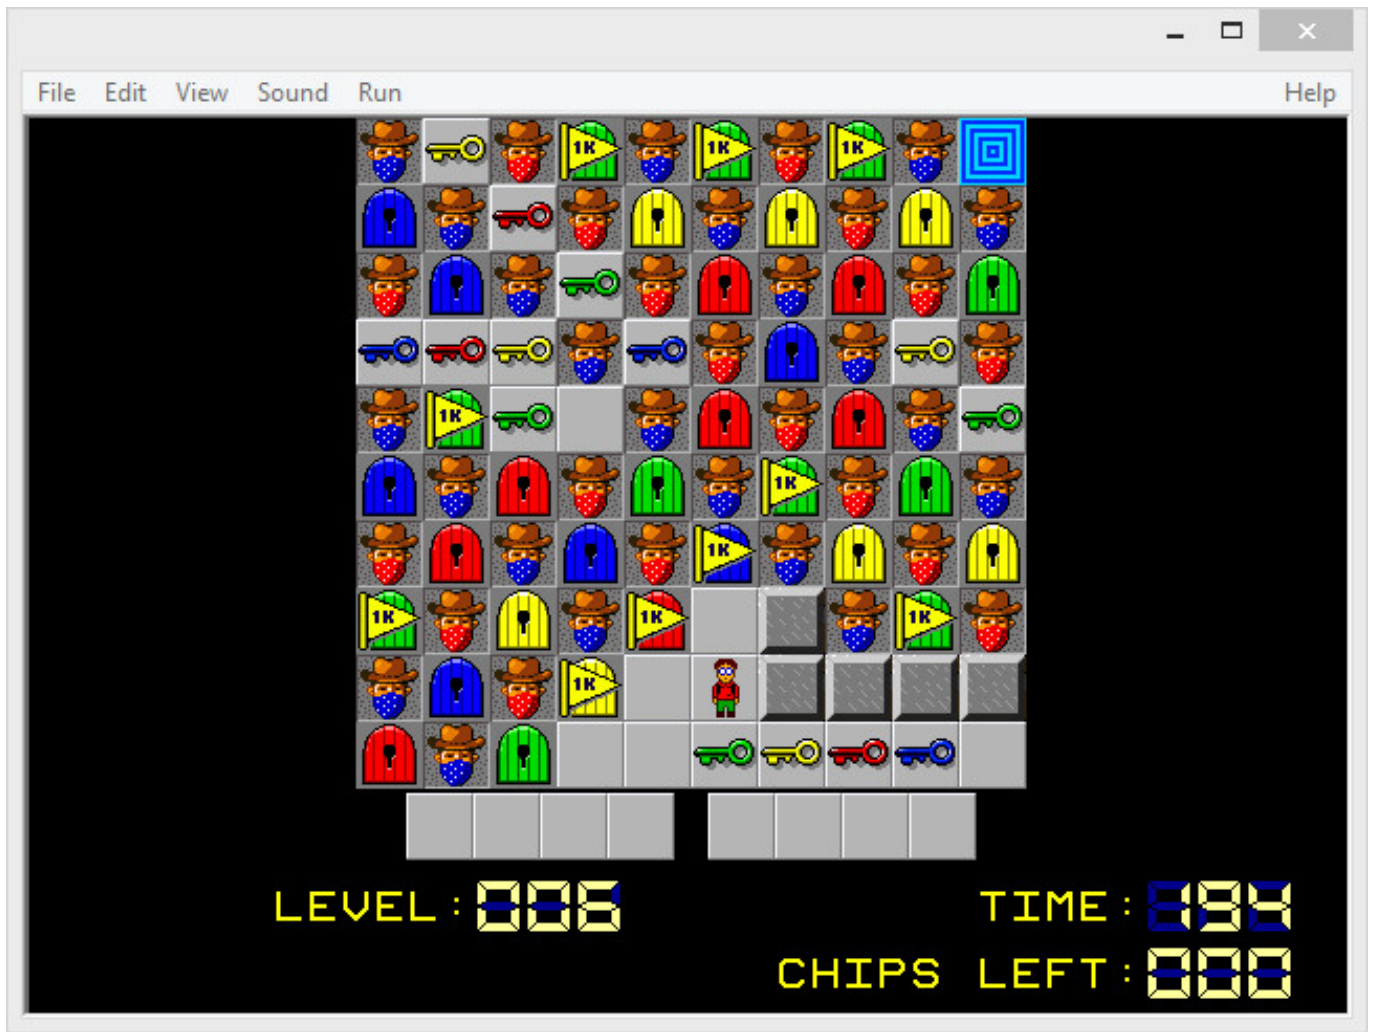

DirectX: Version 6.0

Storage: 100 MB available space

Sound Card: 16-bit sound card

English

Chip's Challenge 2 has many of the same problems that I mentioned in [my Chip's Challenge 1 review](#). I will, however, give this version a tepid recommend due to its increased variety and overall improved level design. Still, don't buy this if you aren't ok with having your time wasted. There are tons of levels where you will die through absolutely no fault of your own and lose 5+min of work. This will happen a lot. There's still a lot to hate in this iteration.

[Seriously though... I'm basically grading this one on a steep bell curve. Read my CC1 review and if the information there rubs you the wrong way, apply it to this one before making your decision. Lots of levels in CC2 are major improvements but plenty are still just as bad as the worst that CC1 has to offer.](#)
